CEO, Petropars, I. R. Iran

 - **Seyed Reza Kasaizadeh**
Managing Director, NIGEC, I. R. Iran

Lunch & Visiting Exhibition

12:00-13:30

Technology Development in the Gas – related Industries

- **Nano Film Co.**
Membrane Separation Process with Application to the Removal of CO₂ & H₂S from Natural Gas
- **Mahmoud Atai Kachoui**
A path to domestic gas industry
- **Faramarz Javanroudi**
Life assessment and extension of high temperature materials
- **Zahra Khorami**
Equipment Plugging Survey in Ethylene Glycole Regeneration Package, South Pars Gas Complex Third Refinery
- **Ali Asghar Mahjoubi**
STRATEGIES FOR REDUCING ABSORPTION OF HEAVY AND CYCLIC HYDROCARBONS IN GAS TREATING UNITS OF SHAHID HASHEMINEGAD GAS PROCESSING COMPANY(SGPC)
- **Marziyeh Zare**
Study of Salts and Degradation of Alkanolamines in Gas treating of Iranian Gas Industry

Policy Making and Macro Strategies in the Iranian Gas Industry

- **Hassan Montazertorbati**
To implement Article 44 policies in the state gas industry and examine its effects on the future developments
- **Homayoun Shokouhsaremi**

Gas resource management based on land preparation
- **Abdollah Younesara**
Projection of Natural Gas` Maximum Share in Providing Energy Using Sectors` Needs in Iran

Management of Demand and Reform of Energy Consumption Pattern

- **Javad Nofarasti**
Guidelines for improving gas consumption pattern in the residential and commercial sectors with an approach to the heating systems
- **Saeed Khakpour**
Implementation of Energy Management Information System in Phases 2&3 of SPGC
- **Mehdi Akbari**
Recovery of Energy from gas turbine in pressure Fortification Station for producing super heat steam
- **Amir Sarafi**
Investigation on The lost or Unaccounted gas in gas Net work
- **Firouz Amani**
DETERMINE GAS USAGES OPTIMAL PATTERN AND DECREASING GAS USES RATE IN ARDABIL PROVINCE FAMILIES

Coffee Break & Visiting Exhibition

15:30-16:00

Market Development & Gas Large Projects: Implementation Procedures

- **Mehrzaad Safvat**
South Pars Gas Development Projects: A Case Study On Phases 6-7-8
- **Hossein Abed**
Oil and Gas General Contractor's Business Environment Analysis in Iran and presenting the Improvement Strategies
- **Omid Shahhosseini**
Role investigation of Iran exports gas to supply Armenia`s energy demand
- **Omid Shakeri**
Feasibility Study of Natural Gas Exports by CNG Ships
- **Hassan Rahimi**
New cases for gas refineries produced sulphur

HSE in the Gas Industry

- **Akbar Falahi**
Feasibility study of acid gas application
- **Mehdi Tanha Ziarati**
Air Pollution Dispersion Model in South Pars Area with Geographic Information Systems
- **Saeed Soltaninejad**
New EFV
- **Mohammad Golmehraban**
Intelligent Monitoring And Remote Controlling of Cathodic Protection Systems
- **Saeed Davaripour**
Pass from corrosion engineering to corrosion management(in regard to pipelines)

Hall Two**16:00-18:00****Management of Demand and Reform of Energy Consumption Pattern**

- **Vahab Makarizadeh**
Gas Price Reform Senarios and the Effects on Demand
- **Alireza Nojourni**
Heat and Mass Recovery of LP Steam Through DTEC Technology
- **Zahra Hatampour**
USING VFD FOR DECREASING ELECTRICAL ENERGY IN GAS INDUSTRY
- **Amin Hassani Kakhaki**
Energy audit results of sample building of Khorasan Razavi Province Gas Company
- **Bijan Honarvar**
Multiload turboexpanders and their applications for energy recycling in CGS & TBS
